Dear Mr. Gallegos,

I would like to amend my original Intention to Commence Small Mining Operation to include a variance request. As the area that we are exploring has previously been mined, and we are working in old dump material, I request that we be granted a variance from item IV numbers 5, 10, 12, 13 & 14. As the original soil surface has been destroyed, and mineralized material been brought to the surface, it would be an undue burden to require us to restore the original surface.

Sincerely
James Barr
